DIAZ FULLY RECOVERED.

Mexico City, Mexico, March 19.—The presidential train has been sent to Cuernavaca to bring President Diaz and family back to this city. The president is now in excellent health and will in a few days renew his labors in the national palace.

THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food cranked in its glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best. As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmon on this subject says: Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its proper digestion by the daily use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids, and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50c for full treatment.

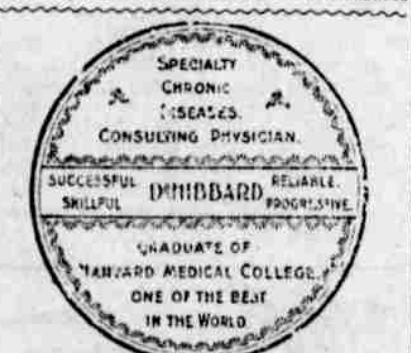

A little booklet on cause and cure of stomach trouble mailed free by addressing F. A. Stuart Co., Marshall, Mich.

Dr. Hibbard
GRADUATE of Harvard Medical College, ex-aminator, and leading specialist in chronic and difficult cases. Blood, skin, kidney, urinary, bladder, prostate and sexual diseases. Seminal weakness with exhausted vitality permanently cured. Cancers and external growths removed without the knife or severe measures. The reason of Dr. Hibbard's remarkable success is due to his long experience and exceptional ability in treating complicated and intricate diseases. Place your case in his hands and be dealt with honestly and scientifically. Remember he devotes his entire time and study to chronic diseases. If possible always be examined by an expert. If unable to call write freely and confidentially. Many cases yield to home treatment. References: All the banks, and prominent business men of the city. Consultation, in person or by letter, free. Hours: 10 to 12, 1 to 4, and 6 to 7. Office and Laboratory, 2628 S. Second Avenue, Hibbard Building, Phoenix, Arizona.

Cancers and Tumors Cured WITHOUT THE KNIFE DR. HIBBARD

removes external growths by local medication. His method is safe, sure and successful, numerous testimonials and specimens removed can be seen at office. The doctor makes a specialty of chronic diseases and removal of abnormal growths. The knife is a failure in a large percent of cases. Dr. Hibbard's method is a success. His system is rational and scientific. Thousands die annually in the United States because physicians as a rule do not understand the disease. They call it incurable and if they do anything they resort to the knife. There is a remedy a treatment without severe measures.

and a method whereby cancers can be cured and with little pain and complete safety. Do not be deceived if you have a growth no matter how small whether painless or not it is suspicious and should be immediately removed before it is too late. Judge the doctor by the cures he makes. The ordinary doctor tries to do too much. He scatters his faculties and becomes proficient in no particular branch. Like a jack of all trades he is master of none. The skill, experience and scientific ability of Dr. Hibbard are unquestioned besides he does by others as he would like to be done by. Consultation free. Call or address Hibbard Building, 2628 S. Second Avenue, Phoenix, Arizona. Hours 10-12 & 1-4 & 6-7.

THE SUPREME COURT

Judgment Rendered in the Soto Timber Cutting Case.

A judgment was rendered in the supreme court yesterday in the case of the United States, appellant, versus Rafael Soto, respondent. To make the case clear to the reader it will be necessary to review it to some extent. In a previous case, some years ago, Judge Hawkins rendered a decision that mesquite was not timber, the decision being contrary to the ruling of the interior department. Rafael Soto was therefore arrested on the criminal charge of cutting timber on government land, his offense being the cutting of mesquite. He was tried in the district court of this county before Judge Street and by a jury and was acquitted. That, of course, settled the criminal part of the case, but in order to secure a subsequent ruling on the question of whether or not mesquite is timber, an appeal was taken by the United States district attorney to the supreme court. The judgment rendered yesterday was that "it is a question appertaining to the timber in question," or, in other words, some mesquite is timber and some is not.

In the case of Ed J. Taylor versus the Territory of Arizona, the judgment of the lower court was affirmed. In the case of Wiley M. Morgan versus the Territory, the judgment of the lower court was reversed and a new trial was ordered.

The case of Joe Tamborino versus the Territory was previously tried by the supreme court, after which a motion was made for a rehearing, which was granted. The rehearing resulted yesterday in a judgment affirming the former decision. Attorney Antonio Orfio of Tucson was admitted to practice in the supreme court. Judge Barnes, chairman of the committee appointed to prepare appropriate resolutions on the death of the late Judge C. W. Wright, reported, the resolutions were read, adopted, spread upon the minutes and an order made that a copy be sent to the bereaved widow. Fitting eulogies were then spoken on the life and character of the deceased by Judge Barnes and Judge Kibbey, in behalf of the bar, and by Chief Justice Street, in behalf of the bench.

Court adjourned till 9:30 this morning.

DISTRICT COURT.

In the district court yesterday one new suit was filed. It was brought by James Bonthron and Addie Gruntha Bonthron, parents of James Deas Bonthron, who was killed on the 14th of last December by taking hold of a guy wire at the Elks circus near Washington street and Third avenue. The suit is directed against the Phoenix Electric Light & Fuel company, and alleges the willful negligence of the company in permitting the wire to be in that place without insulation. It further says that the deceased had been a contributor to their support and would have been their main support in old age. Demand is therefore made for \$5,000 damages direct, \$200 funeral expenses of the deceased and \$5,000 exemplary damages and the costs of the suit.

When a man boasts that his ancestors lived in the same place for almost a century no one is impressed; every one reflects what a lot of rubbish must have accumulated.

COUNCIL CALLS A MEETING

To Make Arrangements For Entertaining President McKinley.

A special meeting of the city council was held yesterday afternoon, at which all members, the recorder, city attorney and city marshal were present. The particular object of the meeting was to take preliminary steps in the arrangements for the proper reception of President McKinley, when he visits the city in May. After some general discussion a motion was finally made and carried that the recorder be instructed to invite the governor and territorial secretary to cooperate and ask the following named organizations to send representatives to a joint meeting with the city council, to be held at 7:30 p. m. at the council chamber, Saturday, March 30th, viz: The legislature, board of trade, board of supervisors, M. & P. and S. P. & P. railroads, mayors of Tucson and Prescott and other territorial towns and cities, the Tempe council and Mesa board of trustees, the territorial university, the normal schools and Phoenix school boards and the Indian school, the chief justice of the territory, the N. G. A., through the adjutant general and the presiding officer of every secret order in the city and, in fact, all organizations which may be interested in the event.

Other business attended to consisted in directing the repainting of the city plaza fountain and repairing the pipes and in instructions to the recorder to communicate to various coast cities, asking for copies of public library regulations.

The marshal reported that a horse sold by the city as a stray had been recovered by the owner from the purchaser, and that the man who purchased the animal, was loser. The city attorney held that the city was not liable.

GOWNS FOR SPRING.

Among the spring novelties there is nothing more attractive than linen gowns. They appear in rose, blue, ecru, lilac and green, and are trimmed simply with lace and embroidery. A rose red linen seen lately had pleated bodice and groups of fine pleats on the skirt. A sailor collar with applique embroidery was the only trimming. A blue linen gown has a blouse front of cream colored batiste and revers of white pique. The skirts of the gowns are nearly all plain, and the bodices are the semi-fitting blouse or jacket type.

A full line of mirrors, German and French, both beveled and plain. If the glass in your mirror, sideboard or dresser is broken telephone J. B. Long Hardware Co. and have it replaced.

Mexican handwork, silver inlaid spurs and bits. N. Porter, 112 East Washington.

Miss Powell, manicuring, hairdressing, chiropody and facial treatment. Scalp treating a specialty. Room 1, Gooding Block, opposite Adams hotel.

SALESMAN, ALHAMBRA NURSERY, trees for the people Corner Center and Adams streets, Chase L. Purdy.

The best, cleanest and most wholesome 25-cent meal in the city at the Maison Dore, 17 North Center street.

Estimates furnished on all kinds of brick work. The best brick and lowest cost by the Alhambra Brick company.

The End of the Century

Ends us with the best stock of SPORTING GOODS, PHOTO STOCK AND BICYCLES in the city. We propose to maintain this standard during the entire 20th century, although you may not live to see it. Accordingly we will save you money.

The Mansfield & Rhodes Company
